WORK EXPERIENCE

Operations Supervisor

Maitri Hospital, Kota | Dec 2024 – Mar 2026 | Full-Time (16 Months)

- Supervised and coordinated a workforce of 180+ staff across housekeeping, patient care, and administrative functions in a 120-bed NABH-accredited hospital — managing a team 10x the industry average for entry-level supervisors.
- Administered day and night duty rotations, ensuring 24/7 operational continuity and full adherence to NABH quality standards, safety protocols, and regulatory compliance.
- Resolved disputes, escalations, and emergency situations with composure; implemented corrective action plans that minimised disruption and maintained best-in-class patient care.
- Monitored attendance records and tracked staff performance metrics using MS Excel; coordinated with department heads to maintain optimised staffing levels.
- Facilitated seamless cross-functional coordination between clinical and non-clinical teams, enforcing hygiene protocols and producing daily operational and compliance reports.
- Streamlined administrative workflows and documentation processes, reducing redundancy and improving reporting turnaround time.
- Prepared and maintained compliance documentation, audit records, and facility management reports aligned with NABH standards.

KEY ACHIEVEMENTS

- Managed 180+ staff — 10x the industry benchmark for entry-level supervisors, demonstrating advanced leadership and large-scale operational management.
- Achieved zero major NABH compliance gaps across 16 months, maintaining one of India's most rigorous healthcare quality standards.
- Completed Google Cybersecurity Certificate (Coursera) independently, demonstrating initiative and commitment to continuous professional development.
- Pursuing BCA + BBA simultaneously — integrating IT technical skills (SQL, Python, Power BI) with business management expertise.
- Elected Batch Representative (Head) of 120 students, recognised for leadership, advocacy, and communication excellence.

EDUCATION

Bachelor of Business Administration (BBA)

Chandigarh University | Jan 2026 – Present | Semester 1 (Ongoing)

Bachelor of Computer Applications (BCA)

MB PG College, Kota | Expected July 2026

- Pursuing both degrees simultaneously — BCA for technical depth in computing & data; BBA for strategic management, business analytics, and leadership.

CERTIFICATIONS

- Google Cybersecurity Certificate | Coursera | 2025 — Covers network security, threat analysis, incident response, and cybersecurity frameworks.

LEADERSHIP & EXTRACURRICULAR

Batch Representative (Head)

MB PG College, Kota | Ongoing

- Elected head representative for a batch of 120 students; primary liaison between student body and faculty for academic and administrative concerns.
- Identified, escalated, and facilitated resolution of student grievances, demonstrating stakeholder management and conflict resolution skills.
- Recognised for empathy, communication, and ability to lead and influence a diverse peer group.
